WIP330 Wireless G IP Phone

Stylish Mobile WiFi VoIP Handset - WIP330

Datasheet

The Linksys WIP330 Wireless G handset enables high quality voice calls through a standard 802.11g (Wireless G) connection. Being wireless the WIP330 can be used in any location with a wireless Access Point - such as airports, hotels, Starbucks, Home & the Office.

The WIP330 is packed with all the usual features you'd expect from a VoIP phone:

- * 3 Way Conferencing
- * Peer to Peer dialling
- * Speed dial
- * Call waiting
- * Call transfer & forward
- * Call mute
- * Call Hold
- * Selectable ringtones

The large full colour LCD features an intuitive user interface enabling easy access to each of the handsets features and easy configuration of the Wireless connection allowing the user to easily connect to a Wireless
